Flooring from Natural Earth Products Ltd

Beautiful natural stone tiles create stunning features which enhance any home. Our tiles have been carefully selected from around the world in a wide range of colours and finishes.

We have over 100 different natural stone tiles on display in our showroom; from limestones to travertines and marbles to slates along with borders and mosaics to complement the tiles.

Oak, with its beautiful grain and texture, strength and rich colouring guarantees a warm and natural feeling. We have a variety of solid and engineered oak as well as walnut and pine on display in our showroom which we can supply and install.

We also provide adhesives, grouts and sealers as well as a full installation service for all of our floor finishes.
